Sir,

With reference to your No: 1963/Muz:392-17-2 dated 15th February 1918, calling for early report on the petition of Syed Akbar and others of Thondalanaikanahalli in the Kolar Taluk, regarding the construction of a masonry building for the Maszid at the place, I have the honor to state that it is reported by the Amildar of Kolar, that when the mohemadan residents of the place, applied for permission to extend and improve their Asharkhana, about the year 1906, Mr. K. P. Puttanna Chetty, the then Deputy Commissioner and District Magistrate, passed orders on 24th March 1906, approving of the action taken by the Amildar in having forbidden the extension of the Ashurkhana and its conversion into a Mazid, that if the Mohamedans desired to have a mazid, a suitable place free from objection, should be selected for the purpose and that they should be directed to remove within a reasonable time, the extension, if any, unauthorisedly effected without formal sanction, as the other residents of the place objected that such extension interfered with their temple and its

worship.

2. The Hindus of the place petitioned this office on the 7th April 1916, and also on the 8th March 1917, praying for the removal of the Asherkhana from its present place as it is close to their Maramma's temple.

3. Mr. M.S. Narayana Rao, the acting Amildar of the Kolar Taluk states in his report that he inspected the place on the 3rd May 1918, that there are 40 houses of Mahomedans who are offering prayers in the Asherkhana, that a suitable building should be constructed, as they require a Mazid and that a recommendation be made for roofing the Asherkhana with tiles.

4. The petitioners pray, that the present building (which is only an Asherkhana and not a Mazid as can be seen from the records) may be improved substantially by putting up masonry walls and re-roofing with tiles. The Amildar of Kolar has been directed to go to the place and in consultation with the Hindus and Mussalmans, to select a suitable place.

5. The file of correspondence ending with the Kolar Taluk Amildar's report No: 42 dated 13th July 1919, is herewith submitted for reference and obliging return when no longer required.

Adverting to your letter No.1293/Muz;392-17-4 dated 24th October 1919, relating to the selection of a suitable site for the construction of a building for the masjid at Thondalanaikanahalli in the Kolar Taluk, I have the honor to state that it is reported by the Amildar of Kolar who inspected the place that as there is no suitable vacant site available for the purpose in the Village, a site(with a house thereon costing about Rs. 500/-)belonging to one Sesandra Munivenkatappa has been selected by the Mahomedans present at the time. As the owner is not agreeable to its disposal it is recommended by the Amildar that the site being an ideal one, may be acquired for the purpose under the provisions of the Land Acquisition Regulation.

2. He reports that the mahomedan community have come forward to pay half the compensation amount fixed for the house and site. ~~for the house and site.~~ In these circumstances the site may be acquired, the cost thereof being met partly from the contribution promised by the petitioners and partly from the State Grant of the Current official year as a special case.

To

Dewan of Mysore, BANGALORE.

Honoured Sir,

We, the Hindu residents of the village of Naikanally, Holur Hobli, Kolar Taluq, most respectfully crave permission to bring the following few lines to your honour's notice in the sincere hope that they will meet with gracious consideration and sympathy at your honour's hands.

The facts are briefly these:- The village of Naikanhalli consists of two distinct parts or mohallas inhabited by the Hindoo and the Mahomedan population from long. There is a broad street of 15 to 18 feet width dividing the habitations from North to South. The Western part consists entirely of houses and temples built by and for the use of the Hindoo public. The Mussalman of the said village attempted to build a Masjid, a place of worship, in the area exclusively occupied by the Hindoos, and that in the vicinity of the Mari Temple, some 20-30 years ago to which the Hindus objected, and the then District Magistrate was pleased to pass final orders on 24-3-1906 directing that the Mahomedans should consistently with the Chief Commissioner's Circular No.2528/72 of 22nd July 1871, refrain from building a Masjid in a place to which the villagers might object and that the Mahomedans may be given a suitable place elsewhere

3/8/20

in the locality meant for them. The Mahomedan Community of the village failed to select a suitable place for allotment for their Masjid as directed in the order No.694, passed so long ago as March 1906, and have now been trying to build a Masjid on the Ashurkhana-site which adjoins "the Mari Gudi" on the North.

The petitioners objected to have a Masjid built in the locality, exclusively occupied by the Hindoos, but in vain. They appealed to the Deputy Commissioner and applied for copy of the orders if any passed against the spirit of the circular referred to above, and the order passed by the previous District Magistrate Mr.K.P.Puttanna Chetty in 1906. As these appellants have received no endorsement or copies prayed for, they humbly beg of your gracious honour to send for the entire records connected with the case and be pleased to see that the Mahomedan public are not allowed to build on the site to which there has been a valid and legal objection for over 30 years and that any sanction granted by the Deputy Commissioner in contravention of the previous order of his predecessor in office, is cancelled. They also pray that such order to erect a Masjid in the public street, if any, be held in abeyance till this appeal is disposed of by your honour.

A plan of the Village is annexed for reference

Dear sir,

With reference to your letter No.489/ Muz.392-17-8 dated the 6th instant, forwarding petition from Doddaveerappa and others of Naikanhalli regarding the construction of a Masjid, I have to state for your information that the records received with the recommendation of the Amildar, which had been sent to the Sub Division Officer for enquiry and report, were received in the Office lately with a report that he tried to reconcile the parties but to no avail, and that he wanted time to effect a compromise. Later on some of the Mohammedan residents of the locality appeared before me along with the other petitioners and wanted early orders. It was then pointed out to them --- that the recommendation of the Amildar to acquire a house in the Hindu Quarter of the Village was not acceptable to me, and that on the contrary, a house of some Mohammedan in their own Mohalla would be more suitable, and it was to their own interest to avoid all proposals open to objections of any kind from the Hindu -- residents. In the end they were told that I would inspect the Village on the 13th and give them my decision.

This is how the matter stands at present, and I presume the records have been asked to be submitted at once for orders on the understanding that permission has been granted for the construction of the Mosque.

I should thank you however to kindly let me know if the records are required to be submitted as they are, or after my inspection of the place as required by Government.

The records are at Head Quarters and I write this from

Sir,

Adverting to correspondence ending with your letter No. 1940 Muz.392-17-4 dated 14th December 1920 anent the construction of - a building for the Masjid at Thondalanaikanahalli village in the - Kolar Taluk, I have the honour to state as follows:--

On the 13th August 1920, I went to the village with the Sub-Division Officer and the Amildar and heard the representations of -- both the Hindus and the Muhammadans. The Mahomadans wanted to construct a masjid where the present Ashurkhana(vide sketch enclosed) stands and where they have been performing the Namaz all these --- years. The Hindus opposed the proposal on the ground that a masjid very close to the Maremma 's temple would bring about serious friction between the two communities during times of festival celebrations over the question of Hindu music and that it would cause inconvenience to Hindu processions which they say now pass in front of the Ashurkhana on their way to the Bhajane Mane. I inspected the whole village for the selection of a suitable site for the construction of the masjid to the satisfaction of both the communities. But they could not hit upon any place free from objection on both sides. -- As a last resource I selected the site in the midst of the Muhammadan houses marked "Y" in the sketch, which appeared to me to be perfectly free from objection. It is in the occupation of ~~some~~ Muhammadans and I proposed to acquire it for the mosque. But the location of the -- mosque here was objected to by the Muhammadans on the ground that it overlooked their houses and lanes and would cause inconvenience to

* will be sent separately.

their gosha women, in spite of my offer to give them a high compound wall all round so as to maintain the privacy of their houses. The location of the mosque in the site (Hindu house) proposed to be -- acquired by the Amildar (vide houses marked X in the sketch) was -- objected to by the Hindus for the reason that it would intercept their free passage to the Bhajane Mane which though now in ruins is being -- clung to by them with much pertinacity.

As an alternative it was proposed that half the Ashurkhana i.e., the portion to the west should be demolished so as to widen the -- street leading from the front of Mareamma's Temple to the Hindu houses and the Bhajanemane as shown by the arrow marks, the Ashurkhana itself --- shifted to the east, to a distance of about 15 feet and the mosque constructed thereon, leaving only a small passage between it and the Muhammadan quarters, just enough for individuals to pass to and from the mosque. It was also proposed that the Muhammadans should not object to Hindu music or processions so long as they did not pass in front of the mosque --the passage in the front being purposely made so narrow as not-- to be fit for processions. Both the parties showed an inclination to -- agree to this compromise and I left the matter there so that they may have time to think over the proposal and submit their views.

Some time afterwards, certain Hindu residents, appeared before me on the 13th November 1920 and presented a petition with a Mahazar -- purporting to have been drawn up by members of both the communities agreeing to the conversion of the present Ashurkhana into a mosque, The petition was referred to the Sub Division Officer, Kolar Division, for personal enquiry and report.

The Sub Division Officer who visited the village found that the two parties were still far from coming to a settlement. He however suggested to them a compromise and that was that the Muhammadans should give up the Ashurkhana building for the Hindus and take up the Bhajane mane for the construction of the mosque, so that there may not be any -- collision between the two communities, the Hindus to demolish the Ashurkhana, build the Bhajane Mane in the compound of the Ashurkhana and use present Ashurkhana site as a compound or garden for the Bhajane mane. This attempt at compromise was also not quite successful, as the --- Muhammadans are stated to have said that they wanted to consult their

their Moulvies as to the permissibility of such a measure from a religious point of view. The Sub Division Officer has added that this objection appeared to be purely sentimental, that the learned Moulvies would be able to convince them that there was nothing --- profane in such a measure and that the question appeared to be capable of a satisfactory solution. I am awaiting a further report from the Sub Division Officer in the matter. Besides, the Sub Division Officer does not also mention if there are any Pinjaris and other Muhammadans who would like to observe the Moharum in the Ashurkhana as is customary --- with a certain section of that community. A report will be called for on this matter as well.

S i r,

Adverting to your letter No.4154/ Muz.392-17 dated the 19th May 1921 and in continuation of my letter No.H.C.616/ 17-18 dated the 11th April 1921, anent the construction of a Masjid at Thondalnaickenhalli in the Kolar Taluk, I have the honour to state as follows :--

The Sub Division Officer now reports that the -- Mohammedans have ceased to press their original point (namely, the conversion of the Ashurkhana into a Mosque), and that they have at length wisely selected for the construction of the Mosque the site I had, after a detailed inspection of the whole Village, proposed to acquire for the purpose of the Mosque, (vide para 2 of my letter dated the 11th April 1921). The Sub Division --- Officer says that the site measures 49' X 121', and solicits -- sanction to the construction of the Mosque thereon. The site being situated as already reported, in the midst of Mohammedan --- quarters is well suited for the purpose. It is in the ownership of Mohammedans who are reported to be willing to part with the -- site for the said prupose. It is proposed to compensate them -- by the grant of suitable pther sites in exchange in the Gavtana.

Gavtana.

The place selected for the Mosque is shown in red ink in the sketch dated the 20th June 1921 submitted by the Sub Division Officer. The Mosque itself is proposed to be located in the in the centre with a compound wall all round, the passage into it being placed at the point marked (b) in the same sketch, the Mosque facing the East. The Mohammedans have agreed before the Sub Division Officer and the Amildar not to object to Hindu Music or --- Processions taking place or passing on the road behind the Mosque. The Hindus who at first objected before the Sheikdar, have now -- deposed before the Sub Division Officer and the Amildar that they have no objection to the construction of the Mosque as proposed.

The Statements of both the parties dated the 20th June, 1921, are herein enclosed.

The existing Ashurkhana will be left undisturbed.

Under the circumstances stated above, I request yo to be so good as to obtain the sanction of Government for the construction of the Mosque as proposed above.

The file of correspondence ending with the Kolar Sub-Division Officer's Memo No. H. C. 359/1920-21 dated the 22nd June 1921 is herewith submitted.

I directed the Sub Division Officer, Kolar, to inspect the spot personally and submit a report. This officer has reported in his No:M.C. 105/21-22 that he inspected the place personally in company with the Amildar on 1-5-1922, that the position of the main gate as shown in the plan dated 10-8-1921, on the Western side was a pure mistake and that both the Hindus and the Mohamedans have agreed to have the main gate way on the Eastern side and a wicket gate in the West, provided the Mohamedans have no objection to the Hindus going in procession with music and etc., on the road in front of the Western wicket gate to which the mohamedans are reported to have agreed.
